

COMPANY

BOOTH

SolarBee Inc.

7251

Solar-powered circulators that float on the surface of the water.

Trojan Technologies

5639

Ultraviolet water disinfection.

Val-Matic Valve and Mfg. Corp.

5829

Check, plug, butterfly, ball, air valves and inflow preventers.

Water & Wastes Digest

5749

Publication serving water supply and wastewater industry professionals.

Water Online

6555

Publication serving water supply and wastewater industry professionals.

WaterWorld

2730

Publication serving water supply and wastewater industry professionals.

Weir Specialty Pumps

5429

WEMCO pumps and pumping systems; degritting machines.

WRT

1959

Total water treatment solutions for radionuclide removal.

Xylem Inc.

6239

Products for every stage of the cycle of water—transporting, treating, testing and analyzing.

WWEMA MEMBERSHIP

WWEMA is made up of many of the most prominent manufacturers in the industry, working together to shape the future of water and wastewater technology in the United States and abroad.

In an industry where regulations and legislation can either create new business opportunities or bring projects grinding to a halt, WWEMA is the *only* organization specifically representing the interests of today's technology providers.

For more than 100 years, WWEMA has kept its members informed and offered exclusive opportunities for education, networking and exposure, giving them a significant advantage over their competitors.
