## BOOTH

### **SIGMA Corporation**

**1859**

*Wide range of waterworks, fire protection, and OEM products.*

### **Smith & Loveless Inc.**

**3135**

*Pre-engineered pumping and treatment systems.*

### **SPX**

**4957**

*Clarifiers, evaporators, process filters, mixers, pumps, strainers, and valves.*

### **Sulzer Pumps/ABS USA**

**3515**

*Pumps, mixers, and aerators.*

### **Trojan Technologies**

**6829**

*Municipal, industrial, and commercial ultraviolet water disinfection systems.*

### **Water & Wastes Digest**

**4829**

*Publication serving water supply and wastewater industry professionals.*

### **Water Online**

**4855**

*Publication serving water supply and wastewater industry professionals.*

### **WaterWorld**

**3539**

*Publication serving water supply and wastewater industry professionals.*

### **Xylem Inc.**

**4329**

*Products for every stage of the cycle of water—transporting, treating, testing, and analyzing.*

## **WWEMA MEMBERSHIP**

WWEMA is made up of many of the most prominent manufacturers in the industry, working together to shape the future of water and wastewater technology in the United States and abroad.

In an industry where regulations and legislation can either create new business opportunities or bring projects grinding to a halt, WWEMA is the *only* organization specifically representing the interests of today's technology providers.

For more than 100 years, WWEMA has kept its members informed and offered exclusive opportunities for education, networking, and exposure, giving them a significant advantage over their competitors.
