

WWEMA Annual Meeting Guest Experience

Thursday, November 14, 2024

8:45 am - 3:00 pm

The town of Scottsdale has a rich and vibrant artistic and cultural atmosphere. The community is a big supporter of the arts and has a very concentrated arts district in the middle of Old Town. For this guest experience, you can become part of the artist community of Scottsdale and express your creativity at the Creative Color Art Studio Painting Class and then indulge in the culinary creativity of some of the best foods and drinks the city has to offer during the Sip and Sample Walking Tour.

Get into the creative spirit with our first stop, **Creative Color Art Studio**, a team of talented artists dedicated to fostering creativity and contributing to the local art community. Here, you will be painting a beautiful Arizona landscape with the guidance of a member of the wonderful team at the studio. After the class, you will have this lasting piece of Scottsdale art to add to your own collection at home.

After a short break, you will head down to the start of the **Sip and Sample Walking Food Tour**. Be sure to bring a big appetite and some good walking shoes! The 1½ mile tour will be led by a knowledgeable local food enthusiast who will lead you through Old Town Scottsdale so you can enjoy the sights and atmosphere of the city between each food stop. You will try a variety of signature menu items unique to each of the 4 notable restaurants and patios in Scottsdale on the tour with 3-4 alcoholic or other beverage pairings.
